DAY 1

Morning departure from Warsaw to Bochnia – one of the oldest cities of Lesser Poland. The first known source mentioning the city is a letter from 1198. The Bochnia Salt Mine (Polish: kopalnia soli w Bochni) is one of the oldest salt mines in the world and the oldest one in Europe. The largest of the preserved chambers has been converted into a sanatorium.

Lunch will be served at a local restaurant located deep within the Salt Mine.
